

Arles, in photos !

Arles is a city which has inspired many artists : Lucien Clergue, Picasso, Van Gogh, Christian Lacroix... Let yourself also be inspired by a photographic stroll through our picturesque streets!

Come to the ArlesGallery photography studio. Bring your camera or simply your smartphone, and go searching the city for its emblem, the lion of Arles.

You will walk with a professional photographer who will help you discover the heart of the city as you stroll along.

At the end of your stroll, your photos will be transferred to the photographer, who will take the time necessary to rework them and give each participant a copy of his best shots, a present that will immortalize this special moment, a time apart during your day.
